Senior Portrait Pricing

I simply enjoy collaborating with seniors. My portrait sessions are designed to be easy-going and affirming — with plenty of time for us to get comfortable and capture your unique qualities. In the process, we'll have a blast! My goal is that you enjoy every aspect of your senior-portrait experience.

BLP Studios is a custom portrait studio. I perform most of the tasks personally. The images you will see in your online gallery will be far beyond the standard right from the camera shots. Not only do we use top of the line professional cameras and equipment to capture the images, we have invested heavily in post production image enhancing utilities to bring you not just a senior portrait but a work of art.

This document provides information about how to schedule your portrait session and exactly what I charge for sessions, prints, and other products. If you have any questions before choosing to work with me, feel free to ask.

Scheduling Your Session

To schedule your senior portrait session, call me as soon as possible with a list of dates that would work for you.

I would be happy to assist you in selecting your senior portrait location. Here are some of my favorite locations.

- » Huntington Beach Pier (Under Pier at waters edge)
- » Crystal Cove State park (Rocky area below south parking lot)
- » Downtown Huntington Beach / Main St. area
- » Mission San Juan Capistrano
- » Indoor studio shoot (Subject to availability)
- » Location of your choice

(Note: Permit fees are required for Crystal Cove State beach, Mission San Juan Capistrano and may apply at customer requested public locations. Permit fees are generally \$65.00

Depending on your location and the time of year, I will almost always recommend starting your session when the sun is low in the sky — between 4 and 7pm. If you're a morning person, we can start at 8 or 9am. Note: Beach shoots are best from late August through November as the sun sets to the west of the Palos verde point and offers the best natural light!

If we have poor weather on the day of your session, I'll contact you to choose a mutually agreeable rain date. I'm usually able to offer rain dates within 1-2 weeks of your original date.

Yearbook photos: Over the past several years, almost every family I worked with ordered an outdoor portrait for the yearbook. I welcome this trend since most of us feel more comfortable (and therefore look more natural) outside, as opposed to in a studio. However, if you'd like a studio yearbook portrait, I offer that option.

Senior Portrait Pricing

Investment

Senior Portrait Collection (Sitting fee)

Mon-Fri \$300.00

Sat-Sun \$350.00

The collections includes:

- » Up to 2 hours shooting time at the location of your choice.
- » \$50.00 credit toward your print/product order.
- » No limit on the number of images or poses captured.
- » No limit on the number of outfits. Rule of thumb is two to four outfits in a 2 hour period.
- » Private online gallery for viewing proofs and ordering prints/products. Ordering consultations available as well.
- » The yearbook image of your choice retouched and submitted in digital form directly to your high school by the yearbook deadline.

Every image you order is masterfully retouched and enhanced in an artistic way. Because what we do is more than just photography it is an art form. We offer you several variations of the best images such as Black & White, Sepia, and more, for wider range of choices and tastes.

Because we want you to look your best for your session and to maximize your time in front of the camera please arrive for your session with your makeup and hair completely done. Make sure you have everything you need for touchup as well.

Once we set a date, I'll email you my senior portrait agreement form. **You must return this form with the Senior Portrait Collection fee within one week of scheduling to secure your date.** The balance of the package fee will be due one week before your session. Last minute bookings must be paid in full 5 days prior to shoot date.

I provide far more products than I can list in this document. Here are just a few of our most popular items. Your online gallery will contain all the items we offer and detailed descriptions and prices.

<u>20"X30"</u>	<u>\$209.00</u>
<u>24"X36"</u>	<u>\$269.00</u>

[Many more sizes available on line!](#)

Each panel includes a hanging wall mount on the back of the print. Perfect for updating your home décor.

Features:

- HD Gloss finish with rounded corners
- Measures .045" thick
- The 5x7 panel includes double sided, foam-like tape and magnets for mounting
- All prints, 8x10 or larger, come with mounting blocks attached to the back of the panel

We currently offer Aluminum Panels with two different base colors: White & Clear. For the most accurate and vibrant color representation, choose a white base. If one desires a "Metal Effect" with a metallic reflection accenting the artwork, choose the Clear base. Both are amazing and provide uniqueness to your artwork. Note that proper lighting is critical for the best display of this product.

Select from a wide range of available products.

Clear Gloss

The Clear Gloss finish creates a transparent metallic look to your image.

White Gloss

The White Gloss finish is recommended for skin tones and more vivid color reproduction.

Hardcover Books

Hardcover Books

A family heirloom. These custom-designed, press-printed, hardcover book features 10-24 images of your choice. These books are of considerably higher quality than photo books you may have seen on the market — the pages are wonderfully thick and lie perfectly flat; the images are rich and vibrant; the presentation is stunning. Please request to see a sample.

Pricing is determined by number of images and requires consultation for purchase.
